

INDEPENDENT LABORATORY ANALYSIS

# Certificate of *Analysis*

*Issued under ISO/IEC 17025:2017 third-party verification*

SUBJECT OF ANALYSIS

## KPV

10 MG · LYOPHILIZED PEPTIDE · RESEARCH MATERIAL

**PEPTIQ Lot N° · PQ-KPV-2026-A**

TESTED BY

*Janoshik Analytical s.r.o.*

Brno, Czech Republic · janoshik.com

ISSUED BY

*PEPTIQ Research SA de CV*

San Luis Potosí, México · peptiqmx.com

## Analytical record

KPV · lot PQ-KPV-2026-A

VERIFIED PURITY  
HPLC-UV · 214 nm**99.587%**

COMPOUND	KPV
NOMINAL DOSE	10 mg
VIAL DOSE (VERIFIED)	10.32 mg
ANALYTICAL METHOD	HPLC-UV 214 nm
PEPTIQ LOT N°	PQ-KPV-2026-A
TEST DATE	06 Nov 2025
STORAGE	-20 °C · protected from light

### About this analysis

This vial was sampled from PEPTIQ production lot **PQ-KPV-2026-A** and shipped to **Janoshik Analytical s.r.o.** (Brno, Czech Republic) for independent purity determination. Janoshik operates under **ISO/IEC 17025:2017**, the international standard for testing laboratories, and is widely regarded as the reference third-party verifier for therapeutic-grade peptides.

Purity was measured by **HPLC-UV at 214 nm** — the peptide-bond detection wavelength. The reported value is the target peak area divided by the total chromatogram area. Remaining material consists of process-related minor impurities, individually below research-material thresholds.

### How to verify this certificate

**01****PUBLIC VERIFIER**

Enter your PEPTIQ Lot N° at [peptiqmx.com/verify](https://peptiqmx.com/verify). Returns the matching record in real time.

**02****VIAL QR SCAN**

Each vial ships with a QR linking directly to its lot record — no typing required.

**03****RAW LAB FILE (B2B)**

Qualified partners may request the raw Janoshik chromatogram under NDA at [hola@peptiqmx.com](mailto:hola@peptiqmx.com).
